Placon Long Medical Trays: Protect with Confidence

Innovative Solutions for Your Medical Packaging Needs

At Placon, we combine nearly sixty years of expertise with advanced manufacturing capabilities to provide long medical trays that meet the unique needs of the sterile medical device industry. Our high-speed, inline processes allow us to deliver exceptional quality while supporting both large-scale and small start-up orders. Whether you need prototype samples or full production runs, we've got you covered with customizable options.

Why Choose Placon?

- **Unmatched Expertise:** Placon is a leader in medical packaging, offering unparalleled design and technical experience.
- **Cleanroom Manufacturing:** Our trays are made in ISO Class 8 (100,000) cleanrooms, ensuring the highest levels of cleanliness to meet your sterile barrier requirements.
- **Certified Quality:** Placon is ISO 13485 certified, guaranteeing that our manufacturing processes comply with rigorous medical device industry standards.

Long Medical Tray Advantages: A Sizable Difference

- **Extended Length Capabilities**

We produce single parts up to 59", ideal for long medical, venous access, and implantable devices such as PICC lines and chemo ports.

- **High-Speed Production**

Our inline, high-speed process ensures short lead times and quicker delivery of product to your door.

- **Plug Assist Manufacturing**

We utilize plug assist technology for precise, consistent molding results.

- **Multi-part Tooling Capability**

Flexible tooling supports both small and large orders, making it perfect for start-ups and established businesses alike.

- **Prototype Availability**

Receive samples up to 59" long, allowing you to evaluate fit and function before full production.

- **Material Versatility**

Available in PETG, Tritan™, and other materials, providing durability and sterility for a range of medical applications.

PARTNER WITH PLACON FOR SIMPLY BETTER PACKAGING ⁺

Partner with Placon for reliable, customizable packaging solutions that safeguard your medical devices. Our long medical trays are designed with precision to protect your products and the patients who depend on them.
