Placon TYVEK® Lidding: The Reliable Choice for Medical Packaging Excellence

Precision Packaging, Trusted Protection

With nearly six decades of expertise, Placon delivers unmatched quality in sterile barrier packaging. Powered by the superior properties of TYVEK®, our custom lidding ensures the safety and integrity of your medical devices from production to patient care.

Why Choose Placon?

- **Unmatched Expertise:** Placon is a leader in medical packaging, offering unparalleled design and technical experience.
- **Cleanroom Manufacturing:** Our medical packaging is made in ISO Class 8 (100,000) cleanrooms, ensuring the highest levels of cleanliness to meet your sterile barrier requirements.
- **Certified Quality:** Placon is ISO 13485 certified, guaranteeing that our manufacturing processes comply with rigorous medical device industry standards.

Why Choose TYVEK from Placon?

- **TYVEK Benefits**

Tear-resistant, lightweight, and flexible, making it perfect for protecting medical devices while maintaining sterility during transport and handling.

- **Expanded Production Capacity**

We meet high demand without sacrificing quality, offering 6-week lead times for new tools and first articles, and 8-week lead times for production parts.

- **Customizable Sizes**

Our lids are designed to fit your specific tray dimensions, ensuring a precise and secure fit.

- **Superior Adhesion**

Our TYVEK lids adhere firmly to PETG trays, providing a strong and reliable seal.

- **Sterilization-Friendly**

TYVEK's porous structure enables effective sterilization methods, maintaining the integrity of your medical devices.

- **Enhanced Communication**

Take advantage of our three-color printing to display essential information directly on the lid.

- **User Convenience**

Lift tabs can be added to double-barrier trays for easy, sterile removal of the inner tray.
